Kiran Banda

UE5 ENVIRONMENT ARTIST · VIRTUAL PRODUCTION · PHOTOGRAMMETRY

• bandakirankumar03@gmail.com • kiranbandaunreal.com • LinkedIn • Behance

PORTFOLIO

SOFTWARE

Unreal Engine 5 · Maya · Blender · ZBrush · Substance Painter · RealityCapture · SpeedTree · Gaea · Photoshop · After Effects · Premiere Pro · DaVinci Resolve · Houdini (Basic) · Nuke (Basic)

VIRTUAL PRODUCTION

In-Camera VFX · XR Stage · LED Volume · nDisplay · Brain Operator · Lumen · Nanite · Real-Time Rendering

ENVIRONMENT & PHOTOGRAMMETRY

Photogrammetry Pipeline · Modular Asset Creation · Procedural Set Dressing · Retopology · Texture Baking · PBR Texturing · Material Creation

TECHNICAL

Scene Optimization · Performance Testing · Cinematic Composition · Mocap · AI Concept Art · AI Model Generation · AI Animations

PROFILE

Unreal Engine 5 environment artist with hands-on experience in virtual production, in-camera VFX, and XR stage workflows. Skilled in photogrammetry pipeline, modular environment design, real-time lighting (Lumen), and performance optimization for LED volume and XR stage productions. Proficient in nDisplay configuration, PBR texturing, procedural set dressing, and AI-assisted asset workflows, delivering production-ready environments for cinematic and virtual production projects.

EDUCATION

Master of Arts in Visual Effects — *Jan 2025 – Nov 2026 (Expected)*
Savannah College of Art and Design · Savannah, GA

Bachelor of Arts (Hons) in Multimedia — *Sept 2020 – Jun 2024*
International Academy of Computer Graphics · Hyderabad, India

EXPERIENCE

VFX Lighting Artist — Intern — *Jan – Mar 2024*
Green Gold Animation · Hyderabad, India

- Delivered production-ready lighting for animated TV series *Booth Bandhuk* using real-time and offline rendering pipelines.
- Optimized lighting rigs for mood, depth, and visual consistency; managed AOV passes for compositing workflows.
- Collaborated with the production team to meet quality standards and shot delivery deadlines.

VFX Compositor — Intern — *Mar – May 2024*
Studio Raaga · Remote

- Performed prep and face tracking for a short film in Nuke; delivered clean mattes for the compositing pipeline.
- Organized node graphs to support efficient iteration and handoff within a collaborative VFX workflow.

PROJECTS

XR01 — Chinese Temple Environment

VIRTUAL PRODUCTION / XR STAGE · TEAM OF 8

UE5 Environment Artist & Brain Operator. Built a photogrammetry-informed Chinese temple environment for an LED volume XR stage short film, managing nDisplay configuration, real-time optimization, LED budgets, frame rate, layout, and on-set lighting.

XR02 — 1920s NYC Industrial

IN-CAMERA VFX / VIRTUAL PRODUCTION · TEAM OF 15

UE5 Environment Artist & Brain Operator. Designed a 1920s industrial environment for in-camera VFX, physically matched a practical set, and applied photogrammetry and AI-assisted asset workflows with retopology and texture baking.

Ranasthala — MA Final Project Film

THESIS SHORT FILM · SCAD · IN PROGRESS

Director & UE5 Environment Artist. Directing my MA final project film and building its environments in Unreal Engine 5.
